

WEDDINGS & OFF PREMISE EVENTS

John's City Diner has been creating special occasions both in the restaurant and at other facilities since 2004. Our full-service catering can create your dream wedding or reception with customized displays and menus. We love to do carving stations with grass-fed beef tenderloin for upscale events or we can deliver the best Chicken & Waffles in the South, it is really up to you. We will prepare a menu to fit your individual party style, set-up, service the party and break down the food display(s). We can do as little or as much as your occasion requires but leave it up to us to host a memorable event.

We require a 72 hour confirmation of your party, including the number of guests. All large parties are one check with 22% service charge. A contract including a 25% deposit (of the estimated cost) will be required to hold your date. Any decorations or early arrival for set up must be approved by Shannon Gober. For more information, please contact us at johnscitydiner@gmail.com

Please include any requests in your email, including:
Menu choice, custom menus, date and time preference, party size (up to 200 guests), etc.
